### WORKING EXPERIENCE

- 
- **Graduate Teaching Assistant** 08/2022 – present  
*Department of Mathematics and Economics, Emporia State University, Emporia, Kansas*
    - Gather and analyze economic research data to help professors with their scholarly publications.
    - Provide comprehensive one-on-one tutoring for students during office hours on Microeconomics and Informatics courses.
    - Supervise teams of students and help with assignments.
    - Facilitate communication between professors and students so that they could respond to questions and make the most of their time.

- Freelancing (Junior Data Analyst)** 05/2021 – 08/2021  
*Livingstone, Online*
  - Designed and created financial reports in response to data requirements from the clients.
  - Imported and exported huge amounts of data from Excel files to R and SQL for analysis.
  - Extracted, profiled, analyzed data, and verified reports that were submitted to clients for informed business decision-making.
- Teaching and Research Assistant** 09/2020 – 07/2021  
*Department of Extension and Agri. Economics, University of Cape Coast, Cape Coast, Ghana*
  - Guided final year students on research papers.
  - Analyzed, interpreted, and presented field data findings for research papers.
  - Co-authored mini research and project papers.
  - Worked on extremely sensitive research projects that call for legal protocol, security measures, and confidentiality agreements since most of my supervisor's contracts came from the health sector.

## PRACTICAL PROJECTS

- 
- Developed a church user management Database software.** 12/2022  
*Practicum, Emporia State University*
  - Built and developed a food desert website for Shawnee county to access to groceries.** 12/2022  
*Website Project, Emporia State University*
  - Research Intern** 02 – 05/2019  
*Creative and Research Internship, University of Cape Coast, Ghana*
    - Undertook qualitative research on a gas alert system using scientific research methods under supervision.
    - Built and tested a Gas Alert System that sends a notification to gas users/cooks when the gas is finishing.
    - Performed design analysis and compiled a detailed report for the project.

## CO-CURRICULAR ACTIVITIES
